## LADIES AID HELD ANNUAL CHICKEN SUPPER

The Ladies Aid of the United Church held their annual chicken supper Wednesday, November 11th.

As Armistice Day was so near, the ladies chose as a decorative scheme for the tables, huge bouquets of poppies for the centre-pieces, with smaller vases containing the same flowers on the side tables. The tables, decorated with these in the satin shades enhanced the brightness of the tables, and on the walls were hung Union Jacks and Canadian Emblems in profusion, giving a most colorful appearance as the room was entered.

The Ladies Aid are indebted to the Canadian Legion for the second, and undoubtedly the third settings.

The three tables were in charge of Mrs. Gately, Mrs. Way and Mrs. Harris respectively. Those assisting them were Mrs. Stevenson, Mrs. Perry, Mrs. Loddt, Mackay, Bowes, Jones, Whiteside, Nelson, Shrimpton, De-Witt, Moore, and Miss E. Gray.

It is charge of the supper was Mrs. Way, Mrs. Stevenson, Mrs. Anderson, Mrs. Mrs. Moore, Mrs. Garrett, Mrs. Christensen and Mrs. Marcus. Mr. and Mrs. Croxley were on hand to assist where needed.

Mr. C. Moodie, acting President, C. C. M. Legion, and very ably carried through her duties.

Following the supper, a program was arranged by Mr. T. Gately, save pleasure to all, and completed the evening.

A piano solo by Miss Jessie Jones, was very well received. Community singing of old familiar songs was greatly enjoyed into by the audience.

An interesting reading of a selection from "Nellie Melching" by Mrs. Sudlow, and a solo by Alice Carter in her sweet little voice.

Mr. French followed in very fine voice with a sea song. Mr. French was compelled to give an encore, and responded with one of "Jolly Jack Tar".

Mr. Laurie of Namaka, rendered two piano selections in a masterly manner.

Mr. Wooster, of Namaka, followed with the old favorite, "On the Road to Mandalay", and was compelled to give an encore.

Mrs. S. Moore gave a very entertaining recitation, ploughing a man's impression from first hearing Rubenstein play in a New York theater. The picture was very clever. This proved a very popular number with the audience, and Mrs. Moore gave as an encore, a little one for children, "Godfrey Gulliver". Gulliver was always territorial, and the boy's voice was a hit.

Mr. T. Gately gave a very amusing and clever song characterization of the Bolekling Major, and proved the piece de resistance.

Rev. J. W. McLean, a chaplain, and his chairman's address gave some pithy and pointed warnings, showing the folly of nursing one's troubles, and the manifold benefit to be gained by looking on the bright side, in the course of life's outlook.

This evening was brought to a close by singing the National Anthem.

Mr. George H. Jones, relieved by Mr. D. A. Perry, acted as Treasurer for the evening.

Mr. Young, brother had come our and was in her first encounter with the cookhouse and range. She ran to the telephone and called up her mother.

"Mother," she sobbed, "I can't understand it. The recipe says clearly, 'Bring to a boil, then add two cups of water; then beat it for ten minutes.' And when I came back again it was burned to a crisp. That book of recipes is no good. Is it moth-

GOLF CLUB CARD PARTY

— — —

The ladies of the Golf Club arranged a thoroughly enjoyable card party last Friday evening in the Memorial Hall.

Cards were play at about twenty tables, both bridge and whist devoicing present.

Many good players were there, and the interest was keen.

A piano solo by Miss Jessie Jones, was very well received. Community singing of old familiar songs was greatly enjoyed into by the audience.

**A Flared Frock and Coat Make a  
Smart Ensemble for the Younger Girl**

WELL, her mother and father are trying to decide whether Besie is old enough to go to school. Besie is waiting no time getting her clothes ready for the busy winter she will have in the schoolroom. She has selected a pretty, simple little frock and coat which have a slight flared skirt that makes them suitable for luncheon in town, Sunday school, church, and all the occasions when she's everyday that calls for strictly smart type suits and blouses.

Of course this frock and coat may be worn independently of one another, but we think it is a good idea to have them, or when the coat lining is made of the dress material, one follows the very smart ensemble.

The all-over frock features the new flared circular skirt, which is here cut to a straight line. The frock has a high up line to the button-trimmed upper part, forming an attractive V outline in the front. It is made of a soft, light black crepe, crepe de Chine, or even soft light weight velvet, with the little lace trimmings on the shoulders and neck. Georgette or crepe de Chine is a contraption of the latest fashion, and is suitable for little girls of four to ten year size, while the coat is for those of eight to fifteen.

The coat too boasts the new frock, is further chic and up-to-the-minute with its flared circular skirt. The frock has flares in back and front both the coat keeps a straight one-piece back, which is a good idea when you have a wrap to do. Note the interesting cut of the cuffs of the graceful roll of adjustable collar.

Besie has chosen a wide or duchy coating in the lovely new gray-green shade, which is a good color for a wool-and-with a lining of the slightly darker green crepe de Chine which makes the frock look like a real coat. Her bag and shoes are either gray or black, and the coat has a belt. The season's smart new woolen brown shades for the coat in camel's hair, broadcloth, or a soft, light black crepe frock and blouse, woven fun-pony or beaver for blouse and woven jacquard for the frock. The coat has a bright blue belt and a broach of red and white glass.

TREND OF BASEBALL TO  
EMPHASISE ON PROFITS

— — —  
CINCINNATI—The changes made or being re-announced indicate the changing trend of big baseball. Many of the old war horses are stepping out, either voluntarily or involuntarily, and they are being succeeded by young men who are more interested in the thinning and the sparse, sketchy fare, a secondary consideration. Baseball definitely has entered into big business period and it is doubtful if it will ever be returned to any程度. The players' year was not a particularly good one.

August Herman, president of the Cincinnati National League club, is also stepping out to be succeeded by C. J. McManamy, the secretary. It has been an open secret for some time that Herman, who is a high-spirited head, having disposed of most of his stock. He could do nothing without the consent of the board of directors and they as often reversed him as upheld him. Herman, a man of a certain age, was brought to the surface in the negotiations with Second baseman Critz last spring, the president not even having authority to give Critz a raise in salary. Herman, however, was succeeded in this position by Critz, who is doing such a role as when he was a member of the old National Commission he was content to play second fiddle to Jim Johnson and was largely responsible for the dominant position assumed by the American League in commission.

Pittsburgh would like to see the passing of Barney Dreyfus, but Dreyfus hangs on, despite offers for his club. Dreyfus personally is not the man to be succeeded. The changes within the club the past few years have not served to endear him to Dreyfus, however, like the prominent owning the Pirates gives him and it is not likely that he will be succeeded, especially since he is in no position to hand over a sort of family heirloom.

Sam Breadon is no more popular in St. Louis. His indifference to the game, his lack of interest in the welfare of the club and a parsimonious policy with respect to salaries have combined to put him in a bad light and will be quickly reflected in greatly lowered attendance. The team is in the standup.

The Chicago White Sox have fallen to a low estate and probably never will regain their former position until there is a complete shift in conditions.

The Boston Red Sox, however, seem to be in high and it is to be hoped that if a pennant winner would make much difference.

A change is imminent in Cleveland. Mr. James Dunn is willing to sell if the gets his price.

RAISING POLO PONIES  
NEW ALBERTA INDUSTRY

— — —  
Little has been heard of a thriving industry in Southern Alberta which has already reached important proportions. The market for polo ponies has considerably increased in the future, according to a bulletin just issued by the Canadian Pacific Railway. This is the breeding and export of polo ponies. Breeders in the territory make the assertion that polo

is the best sport in the world and to develop it during the last few years or so of a number of fine thoroughbred horses into the area and to the development of an export demand due to the more general adoption of the polo game in the United States.

At the present time there are over

seventy thoroughbred stations, a large proportion imported, in the Calgary district alone. In Southern Alberta

there are three large ranches engaged in the breeding of polo ponies and ranches and farms are coming to

the game in the raising of a few ponies

as a side line to other activities. Ponies are going from this area to many

parts of the United States, about five

#### A MARRIAGE MÜDDLE

A man living in California has a curious problem to solve. His wife is his mother in law, his step-daughter is his wife, and his children are also his grandchildren.

He cannot unravel this legal tangle, and he has given himself up for blemish.

In 1917, when he was twenty-three, he married a Mrs. Stapleton, who had

a daughter aged sixteen. Some time later he heard that his wife had a husband still living in Texas. The man he had left her married his step-daughter, Goldie, and she now has three happy children.

Then to his consternation, it was

found that the name of the Stapleton

husband being still alive was unfor-

med. He was dead at the time of the

first marriage, so his mother-in-law

is really his wife.

## Gatenby's Dept. Store

### The Home of Dependable Merchandise

Our large store is packed from floor to ceiling with reliable Winter Goods, bought before the advance in prices. Cotton has jumped from 12¢ lb. to 20¢, leather and raw hides have gone skyrocketing, and consequently prices have gone up. Through making a study of the market we anticipated this advance, and have been buying in large quantities. We have a large stock of men's, women's, and children's clothing values, two flannel shirts, and he remarked: "fancy people sending away when they can get values like that at home". We use every care in selecting goods that will stand hard wear, and give satisfaction to the wearer. We do our utmost to live up to our motto: "Reliable Goods Keenes' Prices", and that motto is followed right through the store, and our increasing turnover tells us that it is appreciated. The

best is the cheapest in the long run.

FIRST STRATHMORE TROOP

ROTHMERE DECIDES  
TO BACK LLOYD GEORGE

— — —

All the members of the Troop and Wolf Cub Pack are requested to meet in the Dining Room of the Memorial Hall at 7 p.m. on Sunday, November 15th, for the purpose of attending the Armistice Services. Uniforms to be worn.

In order that the winter programme can be started, all Scouts are reminded that the weekly meeting is held on Thursday nights at 7:30 p.m. sharp. Wolf Cubs will meet on Wednesday at 7:15 p.m. in the Clubroom.

Assistant Scoutmaster Addle will be glad to have Scouts and Cubs give him a call any evening at Room 3 C.P.E. Clubhouse.

Any parents who are contemplating the purchase of uniforms for their boys, should consult Scoutmaster Dunn before doing so, in order that there will be no deviation from the set uniform of the Troop.

LONDON — One of the most significant political announcements in some time is contained in an article in the Weekly Dispatch, announcing that paper's decision to support Lloyd George.

As article, which appears on the editorial page, was written by "The Secret Historian," believed to be Lord Roberts himself.

Rutherford is the most powerful newspaper proprietor in England. He owns the Daily Mail, with a circulation of 2,000,000; the Evening News, 1,600,000, and the Weekly Dispatch, 1,000,000.

Political observers anticipate that the Daily Mail and Evening News will soon follow the lead of the announcement in support of Lloyd George.

All three papers have been considered as supporters of the Conservative Party.

The article, however, is being ascribed to Lord Roberts' reply to Prime Minister Stanley Baldwin's question at the Conservative congress at Cardiff, asking Rutherford to support Lloyd George.

The article, however, is being ascribed to Lord Roberts' reply to Prime Minister Stanley Baldwin's question at the Conservative congress at Cardiff, asking Rutherford to support Lloyd George.

The article continues: "What young politician of any party gives promise today of even a tittle of Lloyd George's proven statesmanship?"

"It is not a question of whether Lloyd George can 'come back'. He is

now in the public mind, a position which has not been held since the eclipse of the Liberal party."

CANADIAN BRED COW  
JUST MISSES 35,000 lbs.

TORONTO — The Holstein-Friesian cow, Kathleen Triumph 1032712, has just closed a long time test, and is credited with 34,712 lbs. milk containing 1,041.87 lbs. fat in 365 days. She freshened at the age of 8 years 1 month 9 days. Her sire is Pudding Triumph 2329 C.H.B.; her dam is the 19th best Holstein of 1919.

Jim Gunn, Chas. Keeling, Mat May, Dick Liley, Billy Gray and Bobby Hambley were among those who took in the boxing bout at Rockford.

Rev. A. D. Currie, who has been seriously ill with pneumonia, is now making a good recovery, which his friends were pleased to know.

Percy Parish was reading about a man who recently fainted three times at his own wedding. It is no use, however, says Percy, they waited until he came around the third time, and continued the wedding.

The people of Strathmore are reminded that in accordance with arrangements made for the observance of Armistice Day, which has been designated by the Government, all six were to be held on November 11th. All six different superiors were employed in the conduct of the test. ### WHY NOT A TRUST COMPANY?

Recent news dispatches from the city where the Tammany is famous convey information of the death of a son of one of the founders of that notable institution, friendless, penniless, alone in Bellevue Hospital. Bequeathed the quarter of a million dollars in cash only a few years ago, after he had been provided with a good education, this son of a man of outstanding organizing ability had lost everything, life included, in being a "good fellow".

One of the leading editorialists south of the international boundary epitomizes the case with: "To leave your son money, without having taught him how to use it, is to make misery your executor." Canadian Financier, October 5th, 1927.

### HEARD ON THE STREET

Young Wife: "I can't say that I think much of my new sewing machine. It is disappointing."

Experienced Matron: "What is wrong with it?"

Young Wife: "I don't know exactly, but when I tried to sew buttons on it the machine broke every one of them."

Fortune Teller: "Your husband will be brave, generous, handsome and rich —."

Client: "How delightful! Now tell me how I am to get rid of the one I have now."

Curate: "They tell me you have a model husband, rs. Blank."

Mrs. Blank: "Yes, but he isn't a working model."

Percy: "You know those chickens that escaped last week?"

Harry: "Yes."

Percy: "Well, when I was carrying them over to Mr. Rellinger's they got out and escaped."

Harry: "Did you catch them again?"

Percy: "Well, after searching the whole neighborhood for hours, I could only catch ten."

Harry: "Well, Percy, I will be satisfied. I only had six."

Bill Williamson was lecturing about whether animals had reason to exist.

"Many bleeding dogs has more sense than their bloomers' masters," said Bill.

"Oh, I say," cried someone.

"You know my dog," said Bill.

A rich individual of Newport, R. I., gets a separation from his wife on charges of cruelty sufficiently unusual to arrest interest. The lady asked her husband for \$100,000 and when he said no, she knelt down and prayed God to curse him. That would make any man nervous.

M. S. Hirtle: "Sorry, lady, you're not allowed to take your dog inside."

Patron (angrily): "How about?"

What harm can the pictures do to little Nell?"

"I'm sorry, but I can't let you in."

"Lips that touch liquor shall never touch mine," said the old fashioned girl.

But now the modern flapper says,

"Whatta go on your hip, old scoundrel?"

"I'm dryin' a catfish."

"You let him alone," said a female voice from the back seat. "How did we know those drunken old painters was going to get him?"

"I'm sorry, but I can't let you in."

"Lips that touch liquor shall never touch mine," said the old fashioned girl.

But now the modern flapper says,

"Whatta go on your hip, old scoundrel?"

"I'm dryin' a catfish."

# NASH

Leads the World in Motor Car Value

NASH gives you a 7-bearing crankshaft instead of trying to persuade you 4-bearings is just as good.

The NASH Company believes that the only safe way to achieve engine operation and long engine life is by ample crankshaft support WITH A MAIN BEARING on each side of each connecting rod.

Since NASH adopted the 7-bearing motor every NASH MOTOR, 6 cylinder engine has been of 7-bearing design.

Today, more than ever, the NASH 7-bearing motor is the world's smoothest and most satisfactory type.

### STRATHMORE COUNCIL SECURING PROTECTION FOR FIREMEN

The Mayor and Councillors have had under consideration for some time the advisability of giving the Fire Laddies protection against loss from accidental injury, either when training or while actively engaged at a conflagration.

One opinion has been unanimous that as the brigade is so young, and no legal claim can be made against the men, if an accident should occur,

on the other hand, in all fairness to the individual firemen, they could not possibly neglect any of them under such circumstances the liability for the protection of the men there is not for the brigade's service.

It was generally felt that the citizens as a whole, who fully appreciate the real community service that the Fire Laddies furnish, are in sympathy with the plan to provide them with protection.

After much investigation and discussion, it has been decided to make a

thorough investigation of the insurance companies.

It has been decided to approach the
